

Recently carried out a lot of work for us, replaced a boiler and pipe work, removed old water tanks, also replaced a shower. Completely professional from start to finish and very competitively priced. I would recommend Lawrence in an instant.

Robert Jones

Excellent service deeply knowledgeable about all things heating and plumbing, honest, reliable, and reasonable prices.

Michael Newton

Superb professional new boiler installation...we are chuffed to bits.

Teresa Spong

I would highly recommend Christy Plumbing and Heating, they couldn't do enough, and nothing was a problem. Martin the gentleman who looked after my grandparents was so understanding and helpful! Thank you again guys!

Lois Twigden

Replaced our old boiler and pressure tank in one day. Friendly and proficient team. Hot water back on in time for tea. Thank you so much.

Peter Truscott

On a chilly Sunday morning, I emailed that our central heating wouldn't work, expecting Christy to make contact the next day. Within ten minutes or so, we received a phone call from Sarah Christy, saying that Lawrence would be with us within the hour, which he was. An hour after that the heating was working properly and we were warm again. Exceptional service from a customer focussed business. Thank you

Phil Chapman
