

### **We are here to stay.**

Established in 2010 but with 35 years in the trade, we have thousands of satisfied customers and we are confident you will be too.

### **We are always here for you.**

Our office is open 24/7 all year round and in emergencies we will always answer the telephone no matter what time or day it is. You will find a full office support.

### **Value for money.**

We will use the best quality materials we can, to offer you a longer lasting job, ensuring you get value for money.

### **After care.**

We value you as a customer and want you to know we care, so we will always follow up on any issues, we stand by our workmanship with a warranty for 12months, and we offer servicing on boilers.

### **Location.**

We are proud to be a Bedford based company, employing local people so we are never too far away when you need us.

### **Qualifications.**

All our engineers are suitably qualified in plumbing and heating, our gas safe number is 28436 which means they will know how to help you best. Our team are always friendly, courteous, and polite.

### **Approved by the best.**

Worcester Bosch and Ideal boilers approved and with over 35 years' experience this means we are fully conversant with a wide range of appliances. Vetted by Trading Standards, and Construction Online. Take a look at our reviews.

### **Transparent pricing & honesty.**

We will clearly tell you our hourly rates or supply a written quotation, so you know what you are getting for your money. Our prices are competitive as we often check them against other businesses. We are always honest and will not sugar-coat or mislead you.

### **Insured & checked.**

We hold public liability insurance, so you can be confident we are fully covered for all risks while working on your property, but you will not need to claim!
